The Stronger Families Alliance's Theory of Change 2015-

Problem ▶

Complex social issues compromising child and adolescent development

Compromised child development has life long impacts, is difficult to fix and expensive to society

Solution ▶

Community defines solutions

Systems transformation

Strengthen practice throughout the system

Theory of change ▶

What and how we will change to achieve impact

System

What we will become:

- Preventative
- Collaborative

How we will change:

- Community driven
- Collaborative leadership
- Organisational change
- Collective impact strategy

Practice

What we will change:

 Roadmap for change in Child and Youth Plan

How we will change:

- Sharing evidence and learning
- Inter-disciplinary
- Strength based
- Holistic and integrated
- Place based

Impact ▼

Improved development outcomes for all children and young people

Maximised development potential for vulnerable children and young people
